

ALCOHOL AND OTHER DRUGS

The Board of Trustees believes that the use of alcohol or other drugs adversely affects a student's ability to achieve academic success, is physically and emotionally harmful, and has serious social and legal consequences. The Board desires to keep District schools free of alcohol and other drugs and desires that every effort be made to reduce student use of these substances. The Board perceives this effort as an important step towards preventing violence, promoting school safety and creating a disciplined environment conducive to learning.

The Superintendent or designee shall develop a comprehensive prevention and intervention program that includes instruction, referral to a rehabilitation program, enforcement/discipline, activities that promote the involvement of parents/guardians and coordination with appropriate community agencies and organizations.

(cf. 0450 - Comprehensive Safety Plan)
(cf. 1020 - Youth Services)
(cf. 4020 - Drug and Alcohol-Free Workplace)
(cf. 6020 - Parent Involvement)

The Superintendent or designee shall clearly communicate to all students, staff and parents/guardians the District's policies, regulations and school rules related to the use of alcohol and other drugs on school campuses or at school activities. Information about program needs and goals shall be widely distributed in the community.

(cf. 1100 - Communication with the Public)
(cf. 5131.61 - Drug Testing)
(cf. 5131.62 - Tobacco)
(cf. 5144.1 - Suspension and Expulsion/Due Process)

The Board expects staff to conduct themselves in accordance with the District's philosophy related to alcohol and other drugs. Staff should help students see themselves as responsible partners in efforts to maintain a safe, constructive school climate.

(cf. 5137 - Positive School Climate)

The Board also encourages the establishment of site-level advisory groups to assist in promoting alcohol- and drug-free schools.

(cf. 1220 - Citizen Advisory Committees)

Instruction

The District shall provide preventative instruction which helps students avoid the use of alcohol and other drugs. Comprehensive, age-appropriate K-12 instruction shall address the legal, social, personal and health consequences of drug and alcohol use, promote a sense of individual responsibility, and inform students about effective techniques for resisting peer pressure to use alcohol and other drugs.

All instruction and related materials shall consistently state that unlawful use of alcohol or other drugs is wrong and harmful. Instruction shall not include the concept of responsible use when such use is illegal.

Teachers shall be trained to answer students' questions related to alcohol and drugs and to help students obtain and use current and accurate information, develop and maintain a positive self-concept, take positive actions to cope with stress, and use appropriate social and personal skills to resist involvement with alcohol and other drugs.

Intervention, Referral and Recovering Student Support

The Board believes that effective interventions should be available to assist students who use alcohol or other drugs. School staff, students and parents/guardians shall be informed about signs and symptoms which may indicate alcohol and other drug use and about appropriate agencies offering intervention programs, counseling and rehabilitation for students and their family members. The District shall help recovering students to avoid reinvolvement with alcohol and other drugs by providing school and/or community service activities designed to increase students' sense of community.

(cf. 6142.4 - Learning Through Community Service)

The Board strongly encourages any student who is using alcohol or drugs to discuss the matter with his/her parent/guardian or with any staff member. Students who disclose their use of alcohol or other drugs when seeking help from an intervention or recovery program shall not be disciplined for such use.
